## Article 1. DEFINITIONS

The following definitions are applicable to the Agreement, including all its associated Annexes:

**Affiliates/Publishers:** any entity, individual, firm, or corporation that wishes to create positive content related to Brand’s products and services and joins Brand’s affiliate program.

**Affiliate program:** a commercial relationship between a Brand and an Affiliate in which the Affiliate may be paid per action by Brand. As specified in a separate agreement between Brand and Affiliate.

**Agreement/ Standard Terms of Service:** the present Agreement/Standard Terms of Service, clauses 1-21 and Annex 1; the Data Processing Agreement, Annex 2; Amazon server agreement, Annex 3; The Commercial Terms, any applicable Statements of Work, and any other attachments hereto, all of which are incorporated by reference, and as may be modified, amended, or supplemented from time to time. In case of discrepancies between the provisions of this Agreement and any Annex and/or attachment(s), the stipulations of this Agreement prevail.

**Artemis:** Shopsuite’ own click tracking software that can be used by brands and publishers in case they have agreed on a Cost-per-Click (CPC) deal and they don’t want to use the default

tracking software based on Brand's Odyssey Attribution account. The Artemis click tracking software is particularly used in the case Brand doesn't have an Odyssey Attribution account / subscription. Artemis software is installed on a Property for the purpose of collecting Data, together with any backup script, fixes, updates and upgrades provided to You. Artemis collects on a daily basis the strictly necessary Data, uploads this Data into the Application/Odyssey/Shopsuite on an external server, with or without Google Analytics. Shopsuite is not responsible nor liable for Google Analytics. Parties acknowledge that Shopsuite's obligations towards You with regard to Google Analytics can never exceed Google's obligations towards Shopsuite or You.

**Brand:** Products and services owners.

**Cloud Service:** the rendering and keeping available of Shopsuite by Shopsuite B.V., against payment, for You, on an external Server from Amazon. The Agreement with Amazon is attached to the present agreement in Annex 2. Parties acknowledge that by inserting the Amazon agreement, Shopsuite B.V. obligations towards You regarding the server can never exceed Amazon's obligations towards Shopsuite B.V.

**Cost Per Click:** a method to bill based on the number of times a customer/visitor clicks on an advertisement.

**Data/Information:** means the Data inputted into/onto Shopsuite by You, Your authorised users or Shopsuite on behalf of You for the purpose of using Shopsuite. **Interface:** a Tool, being a communication link between Shopsuite and systems within the domain of You and those of Shopsuite.

**Means of Access:** by way of a combination of a user name and a password, access to Shopsuite can be obtained.

**Shopsuite/the Service:** The Service is an online platform, including other services as mentioned in Definitions, such as but not limited to: "Artemis" and "Odyssey", that is intended to be used to facilitate Brands and Affiliates connecting and entering into agreements directly with each other. Brands and Affiliates may create an account on the Platform. Through the Platform Brands may invite Affiliates to their Affiliate program and Affiliates may ask the Brand to join Brand's Affiliate program. After accepting these Standard Terms of Service, Brands and Affiliates may enter into agreements directly with each other with regard to Brand's Affiliate program. You understand and agree that Shopsuite is not a party to any agreements entered into between Brands and Affiliates. Shopsuite has no control over the conduct of Brands, Affiliates, and other users of the Service, and disclaims all liability in this regard to the maximum extent permitted by law. Shopsuite uses web-based software called "Odyssey", also owned and operated by Odyssey B.V., that analyses the customer journey. Odyssey is a software module made available via the internet in the form of various cloud services by Odyssey B.V. Odyssey calculates what the

commission could be that Brand may pay to the Affiliate that sends visitors to the website of Brand. In order to do so, website traffic from the past is considered, and website visits from the entire customer journey are measured. Through the application of Key Performance Indicators and a formula, Odyssey calculates a 'suggested commission' for all traffic sources that does not limit itself, however, to all the affiliates/partners. Unique to Odyssey is that it considers the website visits throughout the entire customer journey, in combination with the use of certain Key Performance Indicators (customer journey length, density & position) and a formula (algorithms). This allows Odyssey to determine for the website visits in the customer journey to what extent they have contributed to a sale. In this Agreement 'Shopsuite' and 'Odyssey' may be interchangeable.

**Personal Data:** any information controlled by You or any of Your affiliated companies which relates to an identified or identifiable natural person ('data subject'); an identifiable person is one who can be identified, directly or indirectly, in particular by reference to an identification number or to one or more factors specific to their physical, physiological, mental, economic, cultural or social identity.

**Portal:** the internet site where You can use Shopsuite.

**Property:** means any website, app, or other property under Your control that sends data to Shopsuite.

**Suggested commission:** the commission calculated by Odyssey which may be payable to the Affiliates/Publisher of Brand. The decision regarding what amount of commission will be paid to the Affiliates/Publisher, is left to the discretion of Brand, on which occasion human judgement will be decisive and emphatically not the suggested commission calculated by Shopsuite. No rights or claims can be derived from the suggested commission calculated by Shopsuite.

5. In consideration of the Services, we receive from a Brand a fee (the Service Fee) in exchange for providing Brands access to the Services, including the results generated by Shopsuite.
6. By using Shopsuite Brands will determine what the commission could be that Brand may pay to the affiliate that sends visitors to the website of Brand. The analysis of the customer journey by Shopsuite is binding to all parties involved. Affiliates will only receive basic information about the incremental contribution that they had to a Sale. Affiliates may use this information to improve their incremental contribution to a Sale. Affiliates have no right to any other functionalities, results or information generated by Shopsuite.
7. In case of an agreement between Brand and Publisher on a Cost per Click (CPC) basis, Brand can decide to use Artemis instead of the default tracking based on the Odyssey Attribution account of Brand, in order to track the amount of clicks generated by the publisher and pay the publisher accordingly.
8. All calculations and/or metrics relating to any Sale shall be determined exclusively by Shopsuite log files, tracking codes, accounting information and inputted Sales data by the Brand, as applicable, and shall be determined in good faith by Shopsuite in accordance with the terms of this Agreement. Shopsuite is not responsible for the Data inputted by the Brand. Shopsuite will promptly provide such calculations to the Brand upon request,

and any such other information or materials as may be reasonably requested by the Brand to confirm the calculations and metrics referenced in the foregoing sentence.

9. Shopsuite has integrated Stripe Connect, software services that enable payment processing and related functions for multi-sided marketplaces and other electronic commerce platforms. All payments between the Brand and Affiliates take place via Stripe. Affiliates will create a Stripe Account. Stripe has a direct contractual relationship with Affiliates. Stripe provides Services directly to Affiliates.
10. You shall be responsible for payment of all taxes, duties, governmental charges and other like charges levied on the fees that are related to your income, and you shall indemnify, defend and hold Shopsuite harmless from and against any claims arising out or relating to all charges emanating from your non-payment of any such taxes, duties, governmental charges or other like charges related to your income.

## **Article 19. DURATION AND TERMINATION**

1. If not otherwise contractually agreed Parties Agree on a contract for an indefinite period of time.

2. Each Party has the right to terminate the Agreement without giving reasons at any time taking into account a one-month notice period. A Termination can be done in writing by registered letter or email or via the secure online administrations interface, provided this option is available.
3. Each Party has the right to rescind the Agreement on account of an imputable shortcoming in the fulfilment of the Agreement, in case the other Party falls imputably short in the fulfilment of substantial obligations from the Agreement. Rescission is only possible after sending a full and detailed default letter which sets a reasonable term for the other party to repair the shortcoming, which it subsequently fails or omits to do. Any obligation to pay on the part of You or of a third party to be engaged by You always counts as substantial obligations from the present Agreement.
4. Each of the Parties can terminate the Agreement with immediate effect without a written default notice, either entirely or partially, in the event suspension of payment – whether or not temporarily – is granted to the other Party, if bankruptcy is filed for with regard to the other Party, or if the business of the other Party is liquidated or terminated in a sense other than that of restructuring businesses. On account of such a termination, Shopsuite is not obligated to refund sums it has already received, nor to pay damages. In the event of bankruptcy of You, the right to use Shopsuite and the Interface will lapse.
5. In the event of termination of the Agreement, Parties will always collaborate in good faith towards the remigration of the information entered during the use of Shopsuite which may be desired by You, as well as towards the transfer of it to You or to a third party indicated by You during this “remigration period”. The continuity in the availability of the information and services will be the main concern here. Parties will consult with each other regarding the extent of the effort which Shopsuite should realise. Shopsuite will be able to charge the expenses it incurs in the context of the remigration of the provision of services to You on the basis of a retrospective calculation.

## **Article 20. DISPUTES AND APPLICABLE LEGISLATION**

1. The laws of The Netherlands are applicable to the Agreement.
2. Any possible disputes between Parties will be submitted to the competent court in Amsterdam The Netherlands. Parties can choose jointly to resolve a dispute by way of arbitration or mediation.

## **Article 21. FINAL PROVISIONS**

1. All notification or other announcements pursuant to the present Agreement take place in writing and can be delivered to, or sent by registered mail or e-mail to the addresses below, or to those addresses as one Party has indicated to the other Party.

2. All Annexes form an integral part of the present Agreement.

3. The present Agreement contains the entire agreement adopted between Parties regarding the object it is concerned with, and it substitutes all previously adopted agreements between Parties on this matter.
4. If, on the grounds of a request or a legitimately issued order by a governing body, or in connection with a legal obligation, Shopsuite must carry out activities with regard to information of You, Your collaborators, or Your Users, all expenses related to them will be charged to You, unless this investigation finds its origins with Shopsuite. Shopsuite will inform You of this as much as possible in advance.
5. Except for when, and to the extent, explicitly established otherwise in the present Agreement, each of the Parties will bear its own costs related to the adoption and implementation of the present Agreement.
6. The rights and obligations flowing from the present Agreement cannot be transferred by You to third parties without the previous written consent of Shopsuite.

10. In case the present agreement becomes partially invalid or non-binding, the parties will continue to be bound by the remaining part. Parties will substitute the invalid or non-binding part by clauses that are valid and binding, and of which the legal consequences, considering the content and substance of this agreement, will correspond as much as possible to the invalid or non-binding part.
